

## Digital Light Synthesis™ Resin: HENKEL LOCTITE® 3D IND405 Clear

### Properties

Ultimate tensile strength  $42 \pm 4$  MPa

Elongation at break  $120 \pm 0.8\%$

Tensile modulus  $1500 \pm 13$  MPa

Heat deflection temperature  $53^{\circ}\text{C}$

High performance material with excellent durability, rigidity and clarity.

***"Perfect for applications that need clarity, like fluid ducts and plastic bottles in unusual geometries"***

### Example applications

Fluid duct
